

A beautiful image ☺

The terrible day that will be remembered by 1,000s and 1,000s of people ☺

TERRIBLE MOMENTS!

People were jumping out of the buildings. It was just so horrific when all of those moments were going by. I just don't believe it. I just wonder how I would feel by putting myself in that position.

9/11 MEMORIAL

REMEMBRANCE DAY

On September 11, 2001, there was an attack on America.

There were some men who decided that they didn't like what America stood for: freedom, liberty, and the rights of men and women of all races, backgrounds, and beliefs. So on the morning of September 11, 2001, they hijacked four planes, and attacked America in a terrible way.

Two of the airplanes crashed into the World Trade Center in New York City. The third plane crashed into the Pentagon in Virginia.

The last plane was going to crash into another building in Washington, D.C., but the passengers stopped the hijackers, and the plane crashed into a field in Pennsylvania.

Thousands of people lost their lives through these attacks. Hundreds of people were on the planes. Thousands died in the buildings that were hit by those planes.

The men who arranged this terrible attack wanted Americans to feel afraid and disorganized. They wanted to make people who live in this country do what they say by threatening us. Basically, they treated us like big bullies.

The people of the United States are a strong group of people. Let's keep faith in who we are and what our country stands for, and we will become even stronger than before.

For me, this is as terrible as you can see. I just don't like the way all this happened, and I can't even imagine kids being there.

It is just horrible and crazy. I am shocked, surprised, and I feel bad.
