

The reason that I think Barack Obama will be a good President is because he is currently a Junior United States Senator from Illinois. I also think John McCain will not be as good of President as Obama. I think he is as experienced as McCain because he was already involved in politics before joining the U.S. Senate. I also think Obama will be better than Bush. And he will end the war in Iraq. The Republicans have been winning forever, and I think that this year, it is the Democrats' year to win.
