

If I could vote, I would vote for Barack Hussein Obama Jr. Why, because I think he will be a great President for the future. For example, he will help people with needs, without papers, no shelter, food, etc. Another reason is that we need a lot of change in the United States. He said, “I am proposing a \$1 billion education reform effort that includes \$500 million in matching funds for technology investments and a doubling of federal cash for privately run charter schools.” This is one thing he said. When it is time for you to choose a President, remember what he said.
