

*In my opinion, I think Barack Obama is going to be a great Democrat who would show great leadership and courage for his people. I know that he will support our people no matter what and that he will make change in the United States. Obama is a person who looks like he will succeed with his words of changing the world. With his words and knowledge of power, he can make a difference. He shows many interesting ideas of how he can change the U.S.A., and that shows me that anyone can have a chance to become someone more successful in his life. He is the first African-American to be nominated by the Democratic Party, and he might be the first African-American to become the President of the United States of America. He is an awesome person, and he shows many ways to get the people's vote. A man like him can do anything if he set his mind to it. If Barack Obama hadn't chosen to run, we wouldn't have a person like him in the election.*
