Dear President Piñera,

I would like to congratulate you on your effort for the beautiful country of Chile, especially for your support of the miners that were trapped underneath the ground. It is quite sad how the miners got trapped, but it is a success on how you, and the rescue team actually found a way to get them out. The miners have also been so strong not knowing for 17 days if they were going to be found, and surviving for 52 more days until they were rescued. I hope that everything is okay for all the miners. Also, please remember that you will always have our support. Thank you.

Sincerely,

Marlon Guerrero, 8th Grade, RYSS
